

EDUCATION WEEK 2016: Get Involved!

Education Week Technology Challenge for Mount Waverley Heights!

This year the theme for Education Week is Technology.

To celebrate Education Week we are setting a technology challenge for students and parents. **There will be a prize for the best design and the furthest travelled.** This project is for you to complete with your child at home and will be incorporated as part of your child's homework requirements. Year 5/6 students have been asked to complete a natural disasters project by their class teachers so we encourage them to complete set class work first then participate in this challenge if time permits.

The Challenge:

To design a car out of recycled materials that will travel as far as possible down a small incline.

Some Rules: You are unable to use wheels from toys cars, etc. Cars must be no longer than 45cm.

When and time: During Education Week on Tuesday 17th May at 2.45pm.

Don't forget to give your entry a name!

Return Slip: Please return to the office by Friday 13th May

Yes, we will be entering the Mount Waverley Heights PS Technology Challenge!

Family Name: _____ Student/s name: _____

Name of your entry: _____
