

Specialist News Term 2

ART

This term the Year 5 and 6 students will continue to develop their design, drawing, painting, cutting and construction skills through a wide range of activities. We will be completing our "3D Fantastic Insect" project which combines detailed design and planning skills with paint, embellishments, wire construction and critiquing skills ready for display in our student gallery outside the artroom for our Artists Festival on May 25th. We will then move on to working with textiles to create a whole school collaborative piece using pom poms and extend those textile skills through the creation of individual silk paintings

MUSIC

This term we will be developing and extending the children's knowledge and experience of pitch, beat and rhythm and how to turn what they hear into written notation. We will also be incorporating drama skills through a range of drama activities and games

We will be learning about the families of instruments that make up the Orchestra and how they produce their sound. The children will also be introduced to a range of classical music and explore how that musical motifs can be used to represent different characters and combined to tell a story.
